**NUCLEAR MEDICINE TECHNOLOGIST.** University of Virginia Health Sciences Center has full-time positions for nuclear cardiology technologists and general nuclear medicine technologists. We use state-of-the-art equipment and are in the process of expanding all of our programs with an imminent move to a

new 550-bed replacement hospital. In a recent nationally known publication, UVA Health Sciences Center was rated as one of the best hospitals in America. Our staff technologists can fully express and expand their professional skills in many different areas and work with a group of internationally known physicians who are constantly developing new procedures, some of which are only used in a few hospitals today. We are situated in the foothills of the Blue Ridge Mountains, in an area that offers beautiful scenery and climate, easy access to major urban areas, and a friendly university community. We reward your commitment with an excellent salary program, benefits, relocation, spouse employment assistance, daycare, educational assistance and much more. We can offer you an opportunity for career advancement that is second to none. Find out more about our programs by calling (804) 924-7899 collect, or by sending your confidential resume to: Ms. Martha N. Garland, Employment Supervisor, University of Virginia, Dept. of Personnel Administration, Carruthers Hall, PO Box 9007, Charlottesville, VA 22906. An Equal Opportunity/Affirmative Action Employer.

**NUCLEAR MEDICINE TECHNOLOGIST.** Maine. 250-bed regional referral hospital located in central Maine is seeking a certified nuclear medicine technologist. Our state-of-the-art department utilizes two gamma cameras to process 2500 patients annually. We will soon add SPECT and a new, expanded facility is scheduled to be completed by 1990. We offer a competitive salary and benefit package in a scenic four-season setting well known for its quality of life. Please write or call collect: Personnel Services, Central Maine Medical Center, PO Box 4500, Lewiston, ME 04240. EOE.
