

1989, there were 37. According to Michaele Gold, the number of U.S. PET centers is expected to double over

the next five years.

The free PET booklets can be obtained through: Paul Cho, PhD, U.S.

Department of Energy, Office of Health and Environmental Research, ER-73, Washington, DC 20545.

TECHNOLOGIST JOB NETWORK

The New England Chapter—SNM/TS announces “**The Job Hotline**,” a national toll-free, hotline for nuclear medicine. The hotline is designed to provide a quick link for technologists seeking jobs and for hospitals seeking technologists. Institutions seeking technologists should call the hotline number, leave the name of the institution, title of the job opening, and name and number of the contact person; data are then stored for three months in a database for anyone who calls the hotline seeking employment. Technologists seeking employment should call the hotline number, specify state(s) which are of interest, specify type of job desired, and leave name and address. A listing will then be sent out in 48 hours; all inquiries are kept confidential. If an opening has not been filled within three months, the institution should call again to have it listed. The institution should also call if an opening has been filled so that it can be deleted from the database. The hotline numbers are **1-800-562-6387** or **1-990-4212 in Maine**. Questions or comments should be directed to: Tom Starno, President, New England Chapter—TS at 207-945-7195.

The Mideastern Chapter—SNM/TS will provide a referral network for technologists seeking employment and for hospitals in need of technologists. Interested individuals should call Cathy Gonzalez at **(301) 855-1712**. Please leave your name, address, phone number and a brief description of your request.

EDITOR'S NOTE

The **TECHNOLOGIST JOB NETWORK** will be a regular feature in *JNMT*. SNM chapters are invited to submit job referral service listings for publication. Pertinent information—name and brief description of the service, telephone numbers and/or address, name or number of contact person for inquiries—should be sent to: Joan Hiam, Section Editor, *JNMT*, Society of Nuclear Medicine, 136 Madison Avenue, New York, NY 10016-6760.

NOMINATIONS FOR NMTCB DIRECTORS

The Nuclear Medicine Technology Certification Board is seeking nominations for NMTCB Directors from the nuclear medicine technology community. Terms for New Directors will be from January 1991 through December 1994. Individuals interested in serving should contact the NMTCB office at (404) 315-1739.
