

Placement

NUCLEAR MEDICINE TECHNOLOGISTS—Immediate openings for two technicians in a fully accredited 370-bed community and university affiliated hospital, situated in scenic northcentral Pennsylvania. Proficiency required in radioimmunoassay work, imaging dynamic studies, and computer applications. Department is equipped with cameras, rectilinear scanners, automated well counters, and a computer. Good salary and full benefits. Contact Jack D. Cain, Director of Personnel, The Williamsport Hospital, 777 Rural Ave., Williamsport, PA 17701.

VACANCIES IN CHICAGO AND NORTHERN ILLINOIS for scanning technologists. Top salaries, fully paid hospitalization, major medical, and profit-sharing plan. Send resume to Isotope Measurements Laboratories, 2356 Skokie Valley Road, Highland Park, IL 60035; tel. (312) 433-3330.

CHIEF NUCLEAR MEDICINE TECHNOLOGIST—Progressive 300-bed general hospital seeks a registered technologist to supervise our modern Nuclear Medicine Department. Must have 3-5 years experience in imaging and wet work. Supervisory experience preferred. Excellent benefits, salary commensurate with experience. Send complete resume to Personnel Dept., St. Elizabeth Hospital, 1506 S. Oneida St., Appleton, Wis., 54911 (414) 731-5261, Ext.210.

NUCLEAR MEDICINE TECHNICIAN—3- Vacancy at the University of Wisconsin Center for Health Sciences. Must be certified by the ARRT or ASCP, plus one year of experience including independent work in the utilization of radionuclides and imaging devices for the diagnosis of disease in humans. Salary \$4.823 per hour, increase after six months. Send resume to ms. Carol Meiller, University of Wisconsin Personnel Office, 750 University Avenue, Madison Wisconsin, 53706. (608) 262-9922. First review of applications will be July 14, 1976. Applications may be accepted after that date depending on needs of the department. An Equal Opportunity Employer.

NUCLEAR MEDICINE RESIDENCY— Medical College of Wisconsin. Two year integrated program including 710-bed VA General Hospital, 600-bed County Complex and two large community hospitals. Several cameras each interfaced to computer. Ultrasound training included. Two positions available July 1977. Nondiscrimination in employment. Contact Robert C. Meade, M.D., Chief, Nuclear Medicine Service, VA Center, Wood (Milwaukee) Wis., 53193. (414) 384-2000, Ext. 2138.

NUCLEAR MEDICINE TECHNOLOGIST

Immediate opening on our day shift for a imaging Nuclear Medicine Technologist (registered or eligible) in our 400-bed community hospital. Competitive starting salary and liberal benefit package (salary commensurate with experience). Please call or send resume in confidence to:

Personnel Department, Victory Memorial Hospital, 1324 N. Sheridan Rd., Waukegan, Il. 60085, (312) 688-4009.

IMMEDIATE OPENING EDUCATOR IN NUCLEAR MEDICINE TECHNOLOGY

The University of Oklahoma Health & Science Center has an immediate opening for an educator in Nuclear Medicine Technology. Baccalaureate program at the level of assistant professor. A Bachelor of Science Degree in Nuclear Medicine or related science registry in nuclear medicine technology with 2 or more years experience in clinical nuclear medicine is required. Excellent facilities including funding for a fully equipped simulated nuclear medicine laboratory, with scintillation camera, computer and in vitro laboratory equipment. In addition to 3 major teaching hospitals with modern nuclear medicine equipment, the challenge to contribute to develop this program is limited only to the extent of your imagination. Excellent benefits. Write or call collect: (405) 271-5143, Vernon J. Ficken, M.S., Nuclear Medicine, University Hospital, P.O. Box 25606, Oklahoma City Oklahoma 73125.

The University of Oklahoma is an Affirmative Action Employer.

SOCIETY OF NUCLEAR MEDICINE CENTRAL CHAPTER SPRING MEETING TECHNOLOGIST SECTION

February 24-26, 1977

Hyatt Regency Chicago, Ill.

CALL FOR ABSTRACTS

The Central Chapter Spring Meeting welcomes the submission of abstracts in Nuclear Medicine from members and nonmembers of the Society of Nuclear Medicine for consideration for the scientific session.
