Introducing the newest, quickest way
to remove all types of
RADIOACTIVE CONTAMINATION
from your hands, skin and
small work areas

RAD-CON™

RADIOACTIVE DECONTAMINANT
AEROSOL SPRAY or FOAM

RAD-CON provides the most rapid, safe and efficient means of removing radioactive contamination from the hands, skin, small work areas and laboratory ware. It has a unique foaming action that "lifts" contaminants from surfaces and traps them in a foam which can be wiped off with absorbent material or flushed with water.

RAD-CON effectively removes difficult substances such as grease, resins, blood, etc., even from rough surfaces. The Hand Cleaner features a non-abrasive action without skin irritants.

03-301 RAD-CON Surface Cleaner \$5.75
03-302 RAD-CON Hand Cleaner 5.75
Package of 6—\$30.00
Minimum order \$15.00
