

## Nuclear Medicine Week Poster is Unveiled

Design of the 1992 SNM Nuclear Medicine Week (NMW) poster has been completed pending final approval by the Technologist Section leadership at the Mid-Winter Meeting in Dallas. The version displayed here is the domestic version of the poster; the international version will not show the phrase Site-Seeing, as it would not be understood by a considerable portion of the foreign audience. In keeping with the international focus of NMW, the event will be celebrated during the week following the first Sunday in October: This year the dates will be October 4-10. Members who would like suggestions on ways to celebrate NMW may call Virginia Pappas, CAE, at the SNM central office or any member of the NMW Committee, chaired by Cynthia Wharton, CNMT.

## TECHNOLOGIST JOB NETWORK

The New England Chapter—SNM/TS announces “**The Job Hotline**,” a national toll-free, hotline for nuclear medicine. The hotline is designed to provide a quick link for technologists seeking jobs and for hospitals seeking technologists. Institutions seeking technologists should call the hotline number, leave the name of the institution, title of the job opening, and name and number of the contact person; data are then stored for three months in a database for anyone who calls the hotline seeking employment. Technologists seeking employment should call the hotline number, specify state(s) which are of interest, specify type of job desired, and leave name and address. A listing will then be sent out in 48 hours; all inquiries are kept confidential. If an opening has not been filled within three months, the institution should call again to have it listed. The institution should also call if an opening has been filled so that it can be deleted from the database. The hotline numbers are **1-800-562-6387 (1-800-JOB-NETS)** or **1-990-4212 in Maine**. Questions or comments should be directed to: Tom Starno, Manager, Job Hotline, New England Chapter—TS at **(207) 945-7186**.

The Mideastern Chapter—SNM/TS will provide a referral network for technologists seeking employment and for hospitals in need of technologists. Interested individuals should call Cathy Gonzalez at **(301) 855-1712**. Please leave your name, address, phone number and a brief description of your request.

## EDITOR'S NOTE

SNM chapters are invited to submit job referral service listings for publication. Pertinent information—name and brief description of the service, telephone numbers and/or address, name or number of contact person for inquiries—should be sent to: Leigh Silverman, Section Editor, *JNM/JNMT*, Society of Nuclear Medicine, 136 Madison Avenue, New York, NY 10016-6760.
