NOTICES

■ SNM EDUCATION AND RESEARCH FOUNDATION

Student Fellowship Grants. These grants are designed to stimulate interest among students in the United States and Canada in the field of nuclear medicine. These awards provide an opportunity to spend elective quarters and/or summers working with experts in the field. Maximum grant: \$3,000 for three months. Applicants must provide the information requested in the application form for consideration. The ranking of the candidate will be based on the quality and originality of the research proposal submitted. Deadline: April 15, 1995. Decisions on candidates' rankings will be made at the Midwinter and Annual Meetings of the Society. The number of candidates to whom awards will be made is determined by the funds available for student fellowships. Applications can be obtained from the office of the E&R Foundation, Society of Nuclear Medicine, 1850 Samuel Morse Dr., Reston, VA 22090-5316.

Paul D. Cole Scholarship. Established by the SNM Technologist Section and the family and friends of Paul Cole, three \$1,000 scholarships, one for each of the three types of nuclear medicine technology training programs: certificate, associate, baccalaureate, are available for qualified applicants. For applications or additional information, please contact Susan Weiss, CNMT, Administrative Director, E&R Foundation, Society of Nuclear Medicine, 1850 Samuel Morse Dr., Reston, VA 22090-5316.
