**INDEX MEDICUS**

**To the Editor:** I just read of *JNMT* being selected for inclusion in *Index Medicus* and MEDLINE, and I wanted to tell you how thrilled I am.

For years we have guided our students to do literature searches in the field and have

**L E T T E R  
TO THE EDITOR**

---

been disappointed yearly that *JNMT* was not included in these listings.

The high educational quality and relevancy of the articles published in *JNMT* have made this journal a very valuable resource

---

for our training program.

Congratulations on this well deserved success and recognition.
