

The JRCNMT will hold its fall meeting October 28–29 in Oklahoma City, OK. Programs undergoing review were published in the June 2011 issue of the *Journal of Nuclear Medicine Technology*.

**LIST OF ACCREDITED NUCLEAR MEDICINE TECHNOLOGY PROGRAMS**

The list of accredited nuclear medicine technology programs follows. The list is updated after each board meeting. The list is also available on the Web site at [www.jrcnmt.org](http://www.jrcnmt.org).

The directory of accredited programs identifies those programs that have met or exceeded the *Essentials and Guidelines for an Accredited Educational Program for the Nuclear Medicine Technologist*. These programs have voluntarily undergone a peer review process established by the JRCNMT. Programmatic accreditation by the JRCNMT provides assurance to applicants that the program provides education based on recognized professional standards.

**EDUCATIONAL PROGRAMS**

**Length**

The professional portion of the program is 1 to 2 years in length. Institutions offering accredited programs may provide an integrated educational sequence leading to an associate or baccalaureate degree over a period of 2 or 4 years.

Programs vary in length depending on the admission criteria. Some programs admit students directly from high school; others require prior higher education for entrance.

**Prerequisites**

Applicants for admission must have graduated from high school or the equivalent and have completed post-secondary courses in human anatomy and physiology with laboratory, general physics, college algebra, chemistry with laboratory, oral and written communications, medical terminology, social sciences, and humanities.

**ARKANSAS**

**Baptist Health Schools Little Rock**  
 School of Nuclear Medicine Technology  
 11900 Colonel Glenn Rd., Ste. 1000  
 Little Rock, AR 72210  
 Sharon Ward, MA, CNMT, RT(N), ASCP(N)  
[www.bhslr.edu/programs-of-study](http://www.bhslr.edu/programs-of-study)

**University of Arkansas for Medical Sciences**  
 College of Health Related Professions/  
 Nuclear Medicine Imaging Sciences  
 4301 W. Markham St., #714  
 Little Rock, AR 72205  
 Paul Thaxton, MAT, RT(N), CNMT  
[www.uams.edu/chrp/nuclearmedicine](http://www.uams.edu/chrp/nuclearmedicine)

**CALIFORNIA**

**Harbor-UCLA Medical Center**  
 School of Nuclear Medicine Technology  
 1000 W. Carson St.  
 Torrance, CA 90502  
 Huyen Le Pham, BS, CNMT  
 310-222-2842

**Curriculum**

The curriculum includes methods of patient care, cross-sectional anatomy, nuclear medicine statistics, nuclear medicine and radiation physics, radiation biology, radiation safety and protection, nuclear medicine instrumentation, quality control and quality assurance, computer applications for nuclear medicine, diagnostic nuclear medicine procedures, immunology, radionuclide therapy, PET, CT, radionuclide chemistry and radiopharmacy, medical ethics and law, health-care administration, health sciences research methods, medical informatics, and pharmacology.

**Standards**

Accreditation standards are minimum educational standards against which programs are evaluated. Each new program is assessed in accordance with the standards, and accredited programs are periodically reviewed to determine whether they remain in substantial compliance. The standards are available on the Web site at <http://www.jrcnmt.org>.

**Inquiries**

Requests for information on program accreditation, including the standards, preparing the self-study report, and arranging a site visit, may be addressed to:
