## SUPERVISOR Nuclear Medicine

**Play a leading role  
on a team advancing  
medical science**

This is a truly outstanding opportunity for a dedicated and qualified professional to join a dynamic department. It is the ideal position for an individual who would like to make a leading and important contribution to the progressive nuclear cardiology program of this modern 405-bed teaching hospital, located in the beautiful Fairfield County, Connecticut.

To qualify for this major full-time position, you must be an experienced and registered technologist (following technologist Nuclear Medicine Certification) with extensive background in in vivo testing, and have at least 2 years supervisory experience.

Positions are also available for STAFF TECHNOLOGISTS with Nuclear Medicine Certification.

We offer an excellent starting salary, comprehensive hospital-paid benefits (soon to include a dental plan), and the most modern facilities medical science can offer. For prompt, confidential consideration, forward your resume including salary requirement, or call our Personnel Department at: (203) 797-7330.
